

If small vegetables such as green beans are used as one of the five different vegetables, a dozen is suggested for a good display. Shelled vegetables should not be exhibited.

2. Quality and condition of exhibit will be considered. Choose vegetables for exhibit that will hold up well during the fair. Avoid over-mature specimens. Those that are slightly under-ripe or slightly immature when picked may last longer.

3. A county fair exhibitor in classes 361-377, earning a purple ribbon for a particular type of vegetable (i.e. early peas) is eligible to exhibit another vegetable (i.e. late pumpkins) at the State Fair.

4. Consult Kansas Extension publication, Exhibiting Vegetables for Display Guidelines.
